	5	10	15	5	10	15
Raffles	15pts for attending 75%			15pts for attending 75%		
Committee Member				Management - 15	Other - 5	
Trainer / Assessor				40pts		
Club Coach / Official				10pts		
Event Water Safety				2xpts per hour of water safety for the following; Mile / Tri / 70:3		

- With patrol hours there is no maximum points – members can accumulate as many points as they choose
- Craft must be used on a regular basis as determined by the Craft Captain in conjunction with the Director of Surf Sports, the Master’s Rep and any applicable club coaches. It is not a requirement that those members holding craft spots need to participate in club endorsed sessions
- Members must be financial. If a member is late paying their membership fee then they will be asked to remove their craft and will not be eligible for a craft spot until the following season
- All members acknowledge that they are applying to store one craft only. An eligible member will not **MISS** out on a spot so other members can store both SKI and BOARD. Where space is available then members will go back into the ‘pool’ for the second spot.
- The club is comfortable in having spots vacant if members do not contribute to the core purpose
- Dispensation may be granted for Life Members – it is acknowledged and accepted that they have ‘paid’ their dues – hence why they are Life members. Note this is not a given however the Committee has the discretion to allocate a spot to a Life Member.
- We are not a storage shed and we are not a sports club. We are a volunteer organisation serving community interests.
- The craft matrix can be reviewed at any time without consultation.
- The matrix is not based on penalizing people. It is based on rewarding those that contribute the most over and above those that choose to do nothing.
