SESSION DATES

- 14th October 2023
- 22nd October 2023
- 11th November 2023
- 26th November 2023

SESSION DETAILS

The session will commence with sign-on at the club. Please be there and ready for a 7:30am start.

The IRB Assessor will carry out a briefing on the session. Some of the briefing will be on skills and procedures. Safety around IRBs and the IRB room will also be covered, as well as care and protection of gear and equipment. You will then be split into groups for set-up of the IRBs.

The session will be in depth and seeks to improve skill and knowledge for all. Some will be asked to do additional work and may be asked to attend another session. Any additional time will be because the team wishes to assist in improving all of our skill levels rather than passing judgment on individual ability.

All attendees are required to attend and participate in pack up and clean down, including the IRB room post-training.
